

Standard Streaming Package

Mac Edition - \$9,500

An entire live studio in a box

The Mac Edition of our Standard Streaming Package contains everything needed to live stream school events. Created with athletics in mind, the setup includes an instant replay system, support for our advanced scoreboard software, and custom motion graphics. Stream two HD cameras (up to 50 feet from the system) and two audio announcers.

Launch a school TV network with HSStream

With a setup as robust as this, your school can stream *anything*. Built around the HSStream system, your students can produce morning news broadcasts during the day and extracurricular activities at night. Best of all, the Standard Package is future-proof with its flexibility. It's easy to add more cameras, microphones, and graphics whenever you want.

As a Standard Package owner, your school will be able to quickly and easily produce live broadcasts of every event. With HSStream, Dad can stream the basketball game from work, Grandma can hear the band concert from across the country, and the community can watch the school board meeting from home. Your services fee includes a training session, tech support, a custom HSStream website, and so much more.

Contact us to order your Standard Package and get started with HSStream.
