HS STREAM

Standard Streaming Package
PC Edition - $9,500

An entire live studio in a box

The PC Edition of our Standard Streaming Package contains everything needed to live stream school events. Productions using this system can include custom graphics, incorporated video, and many other features controlled in an easy-to-understand software. Two HD cameras, a crowd microphone, and two announcing headsets are included.

Launch a school TV network with HSStream

With a setup as robust as this, your school can stream *anything*. Built around the HSStream system, your students can produce morning news broadcasts during the day and extracurricular activities at night. Best of all, the Standard Package is customizable now and upgradeable in the future. Graphics and titles can be changed at any time, and another camera can be added if the need arises.

As a Standard Package owner, your school will be able to quickly and easily produce live broadcasts of every event. With HSStream, Dad can stream the basketball game from work, Grandma can hear the band concert from across the country, and the community can watch the school board meeting from home. Your services fee includes a training session, tech support, a custom HSStream website, and so much more.

Contact us to order your Standard Package and get started with HSStream.
